

Have you claimed  
DLA or PIP for your  
adopted child yet?

The majority of adopted children qualify for DLA or PIP, but many families don't claim. We want to change that.

Thanks to some funding from Adoption England, The Belay Foundation has set up a WhatsApp-based Mentoring Project to help more adopters apply.

Four of you, all working on your forms over the same period, supported by a Mentor; another adopter who has already been through the process and who we've trained to help you.
